Our lives are tied to the earth unto which we are born. Our physical, mental and spiritual bodies are deeply intertwined to the seasonality of our planet. There are moments of transformation available to use all throughout our lives and often are brought on by the natural changes around us. More often than not, presenting us with an opportunity to shed the old “leaves” and blossom anew and take one step closer to our true selves.

Leaf spa is the embodiment of the seasonality of life. Incorporating elements of nature in our treatments, we remind you that universally we are all one and come from the same place. Our intention is to bring you back to the source from which you came, so that like the foliage of nature, you can embrace the changes that may be presented in your life and align with the strength that each seasons presents.

Traditionally native, local and indigenous, wish trees are symbolic and represent hope. We created the wish tree in our spa to allow our guest to remember everything starts with a dream and anything is possible.

Steam room
Sitting in a steam room might significantly improve your cardiovascular health. Improved circulation can lead to lowered blood pressure and a healthier heart. It can also promote healing of broken skin tissue.

Willow Tree
Willow trees represent the balance, harmony, and growth we experience through these storms and life challenges. The willow tree gives us hope, a sense of belonging, and safety. The ability to let go of the pain and suffering to grow new, strong and bold.

Alchemist Bar
Where the magic happens. Create your very own concoctions in our Alchemist bar. Where we have an assortment of healing herbs, plants, and more. Here you can create your own oils, scrubs, and tinctures to take a little piece of Leaf Spa home with you.

Relaxtion room
A quiet space where you can relax before treatment. Meditation is welcomed and encouraged.

House of Knowledge
House of Knowledge is our gallery wall of plants, herbs, and leaves from around the world and their natural healing benefits. Mother Nature is always giving us her gifts and we wanted to shed light on how powerful the world we live in is.
